

48V 52V 60V 72V 20ah 30ah 40ah 45ah Triangle Ebike Battery With Brand 18650 Cells

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: china
- Brand Name: enook
- Certification: CE
- Model Number: Lithium Ion Battery
- Minimum Order Quantity: 10
- Packaging Details: packed in carton
- Delivery Time: 15
- Payment Terms: TT PAYPAL
- Supply Ability: 1000pcs per month

Product Specification

- Capacity: 13Ah 15Ah 16Ah 17Ah 17.5Ah Customized Capacity
- Storage Temperature: -10~40°C
- Discharge Working Temperature: -20~60°C
- Estimate Weight: Customized
- Case: Triangle
- Battery Type: Brand 18650 Cells
- Color: Black
- Application: Electric Bike/ Bicycle/ Motorcycle/ Ebike
- Highlight: **48V Triangle Ebike Battery,**
60V Triangle Ebike Battery,
72V Triangle Ebike Battery

Product Description

Product Description:

One of the standout features of the E Bike Battery is its ability to work in a wide range of temperatures. It is designed to function optimally in temperatures ranging from -20°C to 60°C, making it ideal for use in various weather conditions.

The E Bike Battery is also customizable in terms of weight, allowing you to choose the weight that best suits your e-bike and personal preferences. The voltage options available for the E Bike Battery are 36V, 48V, 52V, 60V, and 72V, making it compatible with a wide range of e-bike models.

The E Bike Battery comes in a triangle-shaped case, which is a popular design choice for e-bike batteries due to its compatibility with most e-bike frames. This ensures that the E Bike Battery can fit seamlessly into your e-bike, providing a sleek and integrated look.

Overall, the E Bike Battery is a reliable and customizable option for powering your e-bike. Its 3.2V LiFePO4 Battery provides long-lasting power, while its temperature range and weight options make it a versatile choice for all types of e-bike riders.

Features:

Product Name: E Bike Battery

Battery Name: Triangle Ebike Battery Pack

Capacity:

13Ah

15Ah

16Ah

17Ah

17.5Ah (Customized Capacity)

Voltage:

36V

48V

52V

60V

72V (Optional Voltage)

Application: Electric Bike/ Bicycle/ Motorcycle/ Ebike

Color: Black

Features:

Lithium ion battery

Long-lasting and reliable performance

Easy installation and maintenance

High-quality materials and construction

Designed for use with electric bikes, bicycles, motorcycles, and ebikes

High Quality Battery Cell

Applications:

The Lithium Ion Battery is available in a range of capacities, including 13Ah, 15Ah, 16Ah, 17Ah, and 17.5Ah, as well as customized options. The size of the battery is 367*110*90.5mm, but can also be customized to fit specific needs. The voltage options include 36V, 48V, 52V, 60V, and 72V.

This battery is made with brand 18650 cells and is designed to work in a range of temperatures, from -20°C to 60°C. It is a 3.2V LiFePO₄ Battery, which provides a longer lifespan and higher safety than traditional Lithium-ion batteries. With a 3.2V 202Ah Lithium ion battery, this product is a reliable and long-lasting source of energy.

The Lithium Ion Battery is ideal for use in e-bikes, electric scooters, and other electric vehicles. It is also suitable for use in solar power systems, UPS systems, and other backup power applications. Whether you need a reliable source of energy for your daily commute or for emergency situations, the Lithium Ion Battery is a great choice.

Overall, the Lithium Ion Battery from enook is a high-quality product that is perfect for a wide range of applications. With its customizable size and voltage options, it can be tailored to fit your specific needs. Contact enook today to learn more about this powerful and reliable battery.

Step1

Put the battery in the triangle bag

Step2

Open the felt part of the triangle bag and put it in the proper position of the car

Step3

Stick the felt according to the corresponding position and arrange it

Customization:

Looking for customized E Bike Battery? Look no further than enook, a trusted brand from China known for their reliable Lithium ion Battery. Our battery comes with CE certification and a minimum order quantity of 10. We offer packaging in carton and a delivery time of 15 days. Our payment terms include TT and PayPal, and we have a supply ability of 1000pcs per month.

The battery comes in a size of 367*110*90.5mm, which can be customized as per your requirements. It has a storage temperature of -10~40°C and a discharge working temperature of -20~60°C. You can choose from a range of voltage options such as 36V, 48V, 52V, 60V, and 72V. Our battery is available in black color and is packed with features like 3.2V LiFePO4 Battery, 3.2V LiFePO4 Battery, and 3.2V 202Ah Lithium ion battery.

Product	E Bike Battery
Rated Capacity	20Ah
Nominal Voltage	48V
Charging Voltage	54.6V
Charging Current	3-5A
Max. Continuous Discharging Current	30A
Max. Continuous Charging Current	3-5A
Combination mode	13S8P
Cycle Life	1000 times
Dimensions (L*W*H)	400*360*280*80mm
Weight	6Kg
Operating Temperature	Charging: 0 ~ 45 Discharging:-20 ~ 60
Storage Temperature	-10 ~ 45
Humidity	65% ±10% relative humidity
Certification	CE/RoHS/MSDS/UN38.3, can be customized
Warranty	1 years
OEM/ODM	Acceptable

Support and Services:

Our E Bike Battery product comes with comprehensive technical support and services to ensure smooth and efficient operation. Our team of experts is available to answer any of your questions and provide guidance on proper usage and maintenance of the battery. We also offer repair and replacement services for any battery malfunctions or defects. Our technicians are trained to diagnose and repair any issues with your battery, and can also replace any damaged or worn-out components. In addition, we provide firmware updates to ensure that your battery is always up-to-date with the latest technology and features. These updates can be easily installed through our user-friendly software interface. We are committed to providing excellent support and service to our customers, and strive to ensure that our E Bike Battery product meets and exceeds your expectations.
